

# *Infrared Astrophysics into the Next Decade*

**May 5-7, 2025**

For more info:

@ir\_stig

**IRSTIG**

*A Workshop organized by the NASA  
Infrared Science and Technology Integration Group  
and the Cosmic Origins Program Office*

*Infrared thru Sub-mm Observations*

*Instrumentation and Technology Development*

*Flagship / Probe Mission Development*

*Multi-Wavelength Synergies with Infrared Observatories*

*Theory and Laboratory Astrophysics*

*Community Organization*

**Location:  
JHU Bloomberg Center  
Washington, DC**
